COURSE OUTLINE

RATIONALE

This English Language Arts Class is designed to increase your communication skills through reading, writing, speaking, and the study of the English language based on the Common Core Standards. Our primary focus in language arts will be mastery of different writing styles, demonstration of the rules of grammar, and the ability to express yourself orally. We will be using a computer based program called *I Ready* to meet all of your reading and writing needs.

This year you can expect to read a variety of fiction and non-fiction including novels, short stories, dramas, poetry, and essays. These writing pieces will model the different writing styles we will be working on ourselves. Writing assignments will include timed responses, journal writing, essays, critiques, and creative pieces. Vocabulary, spelling, and grammar assignments will also be an important part of this class.

Please understand that at-home reading is expected and is a component of our course. You will be held accountable for at-home reading by various methods.
